

CONTAINER DEW ABSORBER

KEEP YOUR CARGO DRY

CONTAINER DEW ABSORBER

KEEP YOUR CARGO DRY

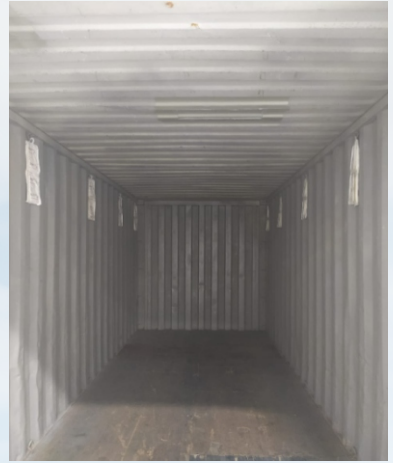

Integrated Chemisol Pvt Ltd. was established in the year 2017 and started manufacturing one of its product in the name of Container Dew Absorber. The main aim for developing this product is to lower the level of humidity of air inside the container below the dew point and thus reducing the formation of Container Rain and minimise damages like Mold, corrosion, warping, and other damages caused due to moisture while shipping the cargo through Container, Rail or Truck. Container Dew Absorber absorbs moisture from the air inside the container, rail or truck and converts it into No Spill Gel, it absorb moisture more than 300% of its weight at a temperature of 40 Degree Celsius and 90% Relative Humidity. Our Product "Container Dew Absorber" will be helpful in keeping your cargo dry during its transit period.

PACKAGING

- Container Dew Absorber
- 125 gm per bag
- Hanger Type
- (04 bags per Hanger of 125 gm each)
- Box Packing: 64 bags per Box

APPLICABILITY OF THE PRODUCT

Applicability of the product will be based on Transit Period and Empty Space inside the Container, Rail or Truck.
